EDUCATION

| | |
|--|---------------------|
| PhD Population Studies / Demography Thesis: <i>“Choice within abortion care pathways in England and Wales”</i> London School of Economics and Political Science | 2020-Present |
| MSc Social Research Methods (Distinction) London School of Economics and Political Science | 2019-2020 |
| MSc Health Policy, Planning and Financing (Merit) London School of Economics and Political Science & London School of Hygiene and Tropical Medicine | 2011-2012 |
| BA (Hons) Geography and International Development (First) University of Sussex | 2008-2011 |

EMPLOYMENT AND CONSULTANCIES

Freelance Consultant **September 2021 – Present**
World Health Organization: Lead a scoping review on health system interventions to improve the competency of the health workforce for sexual and reproductive health services in primary care
Itad: Developed a peer-reviewed article assessing how the UK government’s international sexual health programme adapted to the pandemic, drawing on key informant interviews and literature review

Public Health England
Behavioural Insight Advisor **March 2021 – September 2021**

- Supported a qualitative evaluation of the COVID-19 Test and Trace system, disseminated research findings and identified recommendations for practice
- Conducted an expert consultation to identify health improvement priorities for the national COVID recovery
- Developed policy and practice recommendations for a study about contraceptive provision in primary care

MSI Reproductive Choices
Senior Researcher **February 2018 – May 2021**
Research Portfolio Manager **October 2015 – January 2018**
Monitoring and Evaluation Analyst **May 2014 – September 2015**
Consultant Analyst **July 2013 – April 2014**

- Leadership of MSI’s research portfolio
 - Identified research priorities under MSI’s 2020 strategy
 - Commissioned research, built external collaborations and research partnerships
 - Managed research funding, study budgets and research contracts
 - Designed and managed successful implementation of research projects
 - Disseminated research findings through peer-reviewed publications and conferences
 - Thought leadership and development of strategy and best practice guidance
 - Engagement with international donors, including governments and private foundations
- Line management responsibilities for an Evidence Advisor and for multiple consultants
- Managed, analysed and disseminated an annual client survey (29 countries, 19,000 respondents in 2014)
- Provided technical support to research staff through webinars, training events, and technical reviews

London School of Hygiene and Tropical Medicine
Research Assistant **September 2012 - May 2014**

- Supported design of a mixed-methods evaluation of a maternal health project in India
- Contributed to a series of papers on sources of reproductive health care using DHS data
- Led a systematic mapping of maternal health research funding in low- and middle-income countries
- Contributed to two large multi-country studies on public health and health systems in Europe, conducted quantitative and qualitative analyses, and disseminated research findings through peer-reviewed publications, a series of policy briefs, and the production of two short documentary-style films
- Conducted a systematic review on the effect of health system interventions on quality of care, and presented findings to a Parliamentary Labour Party Inquiry into Health Systems
- Wrote a book chapter on governance and organisation of former Soviet health systems
